The ability to transport the audience visually and mentally into another world is one of the greatest strengths of music. As always, becoming a better music artist requires a variety of different styles to explore. It's always a good idea to learn to improvise in order to expand your potential. Beyond a keen understanding of the dynamics of musical endeavors it's extremely important to maintain your discipline. Don't become discouraged when new challenges present themselves. If you truly want to improve, you'll work through them and utilize the knowledge of a multitude of various musicians to your advantage. Now that you've found your musical calling, it's time to make the moves. The best thing to do when it comes to music is to keep your aspirations at the forefront of your mind. You never know what will arise as you pursue the goals you set. I myself have had the pleasure of teaching at universities, collages, public schools and even at the high school level. I've also co-founded an institution that taught people with hearing impairments how to use hearing aids. October 31, 2018 This article was originally written in 2001. Since then I have continued to make improvements to my game. Why do you have to customize your deodorant so much that it leaves a bad odor that is more pronounced than any natural odor you might have? If you can't stand the odor, don't buy it, but it is certainly worth a try. Even if you don't have the patience to read all the items on the list, at least give it a try. At least you will know what you should have in mind when preparing a special event. November 1, 2018
