What's New In Icon Changer?

Icon Changer is a small program that was designed to make this process extremely easy for everyone. The app's interface is simple and has a clean interface, which means it should be easy to figure out. As mentioned, the app lets you replace the icons of any executable file. All you have to do is choose the ICO file from the computer and browse the directories in search for the executable path of the file that is to be replaced. Then, all you need to do is press the "Change now" button and wait for the program to process the task. This doesn't take very long, so you can immediately see the results. The program is very simple and doesn't feature any additional settings or option to customize the way it works, mostly because it doesn't need them. The bottom line is that Icon Changer is a small program that can be quite useful to have on the computer. Less experienced users should find the app easy to handle, thanks to the intuitive layout and its overall simplicity. Features: It doesn't have many features, but it does support all major file formats and allows you to choose the kind of icons that you want to replace. Supported file formats: .ICO .EXE .MSI .MSP .TAR .SCR .CSV .JS .PDF .RTF .MEM .TXT .CAB .EML .AU3 .CAB .PPT .VBS .CMD .BAT .VBS .SCR .JS .PDF .RTF .MEM .TXT .CAB .EML .AU3 .CAB .PPT .VBS .CMD .BAT Ratings Reviews A little buggy 5 By Big Sniff A very useful little app that can really help you to switch out an image on your desktop. I like the fact that it also allows you to change all the icons in your user accounts and group folders. It's not perfect 2 By mooser I found the icons I had to select not always loading properly, I had to close the program and reopen it for them to work. In addition, the window for inputting a new icon to be changed is very small. Hamza I love Icon Changer. It has a little bug which keeps me from updating but I'll give it a try to finish it. If you're using an older version of windows then you'll have a long wait. Useful little app. 5 By

System Requirements:
