Features Key:

A blood-red landscape The atmosphere of a mysterious land full of life. A hotchpotch of different races, deserts, villages, and volcanoes which always conceal much suffering and death. Epic Battles Against Mythical Beasts Assemble your ally from your kingdom's nobles, warriors, gryphons, and other legendary beings on the battlefield and fight a brutal, bloody battle. Sometimes fights can take hours or days.

A Lady Awaits from the Beyond Some people believe the place located in the deepest and darkest part of the Lands Between abides with an awakened goddess who protects the lands. A young hero must set out on a perilous journey to the realm.

A Customizable and Thrilling Game Operation Complete various battles, assassinate the bosses, and discover new weapons and armor pieces using powerful, original skills while feeling the thrill of victory.

Intense Summon Battles Summon monsters that possess great enemies, and defeat them in intense battles. The chaos of battle that the Elden Ring has instilled into its creatures makes the enemies more fearsome!

Epic Arcane Battles Vivid battles between arcane mages and their foes ensue in colorful wizardry. Complete the duel with your friends and use powerful skills to clear the path.

Salient Characters This is a game where the characters are inseparable from the world. Characters reveal their emotions through their actions. You can feel the waves of the emotions of the characters who form a party, such as valor and love, rage and recklessness. The story is woven with the embroidery of the emotions of the characters!

Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. Genre: Action/RPG Platforms: PC Developer: Tri-Ace Publisher: Konami Release: Q2 2014 Like a classic JRPG, except with much more weirdness. A 'spirit' or an 'elemental' is a particular type of entity that exists in the world; you can have more than one, but not many more than five. Players choose one of these elements when they first start the game, and that element chooses a 'spirit' for you to ally

with. After that, it's all business. However, playing with a spirit is not always fun, and some spirits are more fun than others. Spirits can also be more of a nuisance than a help, and certain spirits may be beyond the control of your character. Playing with good spirits is great, and some spirits give you greater power, faster, to make your character stronger and more useful. Elementals work a bit differently, though. The elements are completely controlled by player choice, the spirit and each player. If you choose to be a 'demon' or a 'elemental', you'll control the elementals that are in control of that element. Like spirits, elemental spirits can be malevolent or helpful, but because their are controlled by the player and not your character, the elementals can also have completely different personalities and behaviors to how your character bff6bb2d33
