About The Game The Hunting Simulator VR is a first-person, hunting simulation game set in a beautiful location in North America. You will need to use your experience as a hunter, as well as your hunter senses to track, navigate, and stalk your game. As you reach these waters, you will be seeking out the best places to hunt with the correct tools and your heart set on the ultimate trophy. While you are tracking your target, you will also need to manage your weight,

carry items, navigate mountains and cliffs to access your game, use your VR headset to track and track your target, manage your energy, and conserve your resources. As you do all of these things, you will want to use the all-new, tracked motion controllers to highlight areas you wish to track, to find more details and signs that it is your target in the quickest and easiest way. The Hunting Simulator VR is set in a gorgeous location in North America, and allows you to track and hunt your animal for the ultimate trophy. You will need to explore the area to track, navigate, stalk, and save the animals for yourself. Dependable and easy to use, the Lense MOUSE VR allows you to handle the tracker in a more comfortable way, and track without the assistance of your hands. The Lense MOUSE VR is expandable via the LENS MOUSE PRO, which allows you to have up to 2 cameras on the headset. The LENS MOUSE PRO is available separately and can be purchased from the MyVRSimulator.com Store. Key Features: Hunt for the trophy of your life! Track and hunt the animals in the most authentic way, listen to the sounds and use your hunter senses to become a real hunter in first-person Use the one hand to become a real hunter, even if you are left-handed. Use the new, tracked motion controllers to highlight areas you wish to track and to find more

details and signs that it is your target in the quickest and easiest way Find and place the animals in the most accurate and realistic way. Use items and your camera to find important places where you can spot your target in the best way. Have clear views with the Lense MOUSE VR and the LENS MOUSE PRO Beautiful depiction of the North American geography. bastore There's only like 3 hoodies coming. Just wait. LyricalTerror 03-15-2008, 10:59 PM I don't know how we know this, but they are about 99% sure of a website coming around for exclusive dresses for Saki in the French Country series, including her wedding dress. They are also about 99% that it's going to have a bunch of different prices for it. For those that want less than $300, read on. Exclusive wedding dress from the Cosplay and Fantasy of Cutie French Country is about to be revealed. The Japanese website from One More Score have the survey item, asking survey users to answer if they would buy from this exclusive site. And 23,000 view was huge number, meaning that the site will be revealed in this month. Survey item: * / / life* * >> / Mr.Aya >> * >> / wedding* * / * * >> / country village, Western part* I think that only the top 2 options are satisfactory. However, if you answered 'wedding dress' i guess this is the site :lol: It's too geeky to ask for a doll!! I mean, Saki's dress is avialable to shop, not to mention some female exclusive characters. If there was a doll of Saki, I would buy it!!! I will say, a mini dress would still be totally ok, a similar design to the french one from the Cosplay and Fantasy photo ferrinix 03-16-2008, 12:35 AM Wow! The website seems to be up!

Alder is a collection of puzzles and stories about the death of the world, but it does not lose track of the wonder in its own particular time and place. Alder Forge is a first person RPG where the Journey is a player-driven progression of puzzles and mysteries – there's little going on without your inputs. Plenty of randomization, a rich economy of resources, and randomized events make every encounter unique in Alder Forge. Create a character and choose from a range of skills, weapons, armor, and gear to tailor your play style. Along the way you'll explore ancient ruins, face fierce beasts, forge your own tools and weapons, and navigate the open-ended world map. There is no set path in Alder Forge, but there are many ends to be reached. As you progress, the environment and the creatures you encounter will change. Alder Forge main game is a story-driven, open-world RPG with a score dominated by Music. Features: - A fully voiced narrative adventure - Open-ended narrative with chapters and puzzles where you control the progression of the story - Local Characters that help you in the world of Alder Forge - Play the way you want and equip your character to do your best. - Guided puzzles in the form of True Stories, where the player will enter a crafted world with connections to the real world, and will be faced with a series of puzzles to solve.Sensory perception and

_____ APRIL 6, 2017 ** WELCOME TO BATTLECREW SPACE PIRATES! _____ Here you can find updates on BattleCrew Space Pirates and what it has to offer! - BATTLECREW SPACE PIRATES DEVELOPER'S STATEMENT: "Dear BattleCrew Community, The year is 2017. Everyone keeps asking: when BattleCrew Space Pirates is coming out for VR. You are about to find out. I would like to say a quick thank you to the BattleCrew Community for your continued support. It is greatly appreciated. BattleCrew Space Pirates has been a major priority for many months now and while I have seen a lot of progress on that front, I know it has not moved fast enough for you and I want to say a quick thank you for that. I am also incredibly proud of the development team who have created the game and are actively working on BattleCrew Space Pirates. They are doing a great job, I am certain, and are completely dedicated to bringing you the best BattleCrew experience. I am very excited to finally share news about the game with you all. After many months of work,

9 Ah, dear fellow, do you not see it Is there anything you don't see? – Mermoz (In the Shadow of a Heart). The Awakener. Visionaries of the Haarlem Society. We've got all the essentials, all you have to do Is to come forward, with a ready mind Monastism truly has an answer That we'd never have thought of – Monastism. We've Got All The Essentials, But... New Info! "This was the same day that the Khadduri Circulars were received by the War Cabinet in the afternoon. Much has been said about the coincidence of events. This fact must be borne in mind. But the weight of circumstances is so great as to warrant some concluding remarks even by a writer of world-wide fame." [Source: General Sir William Slim in Doom Clouds of the Haarlem Society, p.222.] All the Essentials. We've Got All The Essentials, But... The Challenge Haarlem Society. It's the 1st hour of the evening. There are 129 souls present. They sit quietly, meditating. Ancient Monastism shall be spoken, leading to this hour. Writer. The hour has arrived. Candles have been lit, room is in semi-darkness. There's a ring of warm red. Monastism is breathed into the listeners' ears. What shall it be said of this time, if the speakers aren't to risk their lives in desert sands? The hour is over. The 3 men in black. The time has come, for what's up is down. The black masks must be removed. The speakers are standing at the front of the room. The audience. The lights are up, and there's an echo in the room. So writes Bonehead at the bottom left in the shadow of darkness. The Monastic Order. A brief silence. It's been said. The address has been delivered, and the service will soon begin. We'll have them all. While you're at it, why not, give the Khadduris too? The speakers. They're speaking to each other in a murmur. Perhaps the Khadduris are not listening. They're so short. On other

We would like to introduce you to "The Lost", a VR game for 4 players, which recently completed VR production in Korea. The Lost is a collaborative single-player VR game. You can play it by yourselves, or with your friends, aiming to clear the game. You can play the game by converting the two motion controllers to your body. "The Lost" has its own FPS VR perspective. As the situation changes, the game plays the role of the protagonist, in a battle to save the lost world. We are now planning to make more contents based on The Lost with support from the Korean developer KRS! Please look forward to "The Lost", and we will keep you updated on our future contents! Feel free to let us know your opinions and suggestions with "The Lost" in VR. We will actively collaborate with you! Bugs: 1. Running If the VR tracking system has some problems, you may need to allow the Run button to be pressed during gameplay. 2. Unity / Steam You will need to go through the settings of Steam VR and set up the Oculus Rift. 3. Audio / Game Input You need to set up the audio settings in order to play The Lost in VR. The following
