The top 10 created player cards for FIFA 22 are a testament to the new engine's ambitious capabilities. The R45 Ball Tuning tool is a revolutionary new ball control system that gives players the ability to mimic the movement of a skilled, real-life player using a combination of live data, advanced physics and a smart AI, to quickly create a player card. To help new players kick on, FIFA 22 introduces a brand-new "Relentless Training Mode." In Relentless Training Mode, players are put through an insane amount of training exercises in incredibly intense situations. Never before have players been forced to overcome the seemingly impossible in FIFA. Finally, FIFA 22 will have a player preparation mode, giving players the ability to see practice stats without having to complete a full game. The FIFA Interactive World Cup Championship is coming to FIFA 22. The top 128 teams in the world will compete in six different competitions. There are two qualifying matches on the Road to World Cup 2022. Four semi-finals in Sochi, Russia during the Opening Ceremony of the FIFA Interactive World Cup. And the final will be played in Tokyo at the newly re-designed Yoyogi National Gymnastics Stadium during the Closing Ceremony of the FIFA Interactive World Cup. HIGHLIGHTS "HyperMotion Technology" - Powered by motion capture data captured from 22 real-life players playing a complete, high-intensity football match in motion capture suits. "HyperMotion Technology" uses both new and existing data to help create the most responsive gameplay in the series. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. Using this data, custom animation paths are created for each player. The result? Unprecedented responsiveness that makes every on-screen interaction feel real. "Relentless Training Mode" - Created by and for expert gamers, "Relentless Training Mode" was designed to give new players the opportunity to practice their FIFA skills without fear of failure. Fifa 22 [Win/Mac]

In FIFA you live, breathe and play as the very best on the pitch. Play with your friends or become a legend in solo FIFA gameplay. Dominate your opponent with intuitive controls, quick passing and dribbling, and a variety of ways to score. FIFA's biggest addition is The New Manager AI. With millions of decisions to be made in real time, it can be difficult to maintain calm. The Manager AI will make every decision for you, meaning you can spend more time on tactics and tactics alone than ever before. The latest technology and the best footballers on the planet make FIFA the most authentic football experience you've ever had. What's new with FIFA? Bringing The New Manager AI to life FIFA 22 introduces The New Manager AI, a new era of football management. With millions of decisions to be made in real time, your performance in management will be every bit as important as the player you're managing. EA SPORTS will use the feedback from developers and fans to see where we can improve the gameplay, the experience and the Manager AI. We built FIFA 22 with the developer feedback in mind and gameplay improvements, with the Player Intelligence engine and artificial intelligence delivering: New Pitch Decision Making Going head to head in a game of FIFA is never easy, but the new Pitch Decision Making will give you an edge in every game. The new Pitch Surface awareness means pitch awareness is more accurate with tweaks to the pitch surface awareness and the Pitch Decision Making System. The new Pitch Decision Making System accurately identifies your shot on goal and how it may impact future decisions on the pitch, or the potential of a penalty being awarded. The Pitch Decision Making System will be the one deciding when you shoot on goal and if you get a penalty. You'll notice it's more likely you'll get the penalty or the shot on goal. More realistic visuals and new goalkeepers Meaner, more physical goalkeepers and a new deeper goalkeeping experience mean more accurate goalkeeping. The goalkeepers physics have also been improved, with new camera handling to give you a more intuitive viewing experience of the goalkeeper and improved ball physics to deliver better goalkeeping. All of the goalkeepers in FIFA 22 are part of their respective clubs, authentic and authentic looking. New ways to create memories in Ultimate Team Ultimate Team is back with more detail, more information and more ways to connect, enabling more ways bc9d6d6daa
