This new technology is fully integrated in FIFA 22 to dynamically and realistically animate 11,000 real-life players of all leagues worldwide. In order to demonstrate the new technology and features, a single player match was recorded in motion capture suits and thousands of these players were re-created as fully animated characters in FIFA 22. The outcome of the match was fully scripted and is presented in slow-motion to show the player animations in action. Please find a short video below that shows how it all works. In FIFA 22, FIFA World Cup™ and FIFA Champions Edition packs, and for PC, all gameplay looks and feels in motion, even in Main Series tournaments. This means: Anyone can create their very own action-packed gameplay experiences. Quick action scenes, such as free kicks, crossbar challenges and penalty kicks, move like you've never seen before. The on-screen match feed allows matches to be viewed from anywhere, at any time. Aggressive AI is more intelligent, and reacts in real time to how players move and how they react in situations. Players and on-screen graphics come to life in incredible new ways. FIFA 22 includes the FUT Carriageway system, where players have the ability to drive and drift their cars (Exclusive to FIFA World Cup™ and FIFA Champions Edition packs). Become a Champs and win trophies along the way! MyClub: Build an even better squad MyClub includes all-new playable leagues and competitions, the brand new Transfer Market, the brand new MyTeam mode, and an improved Ultimate Team, where your Ultimate Team is now up to 21 players in addition to your current squad. Brand new Compete Leagues, competitions and tournaments As a welcome addition to the two-year anniversary celebrations, all of the main FIFA comps will be returning with their existing comp structure this year. Compete Leagues – Stable and long-running competition with seasonal winners, as well as overall league winners. Compete Tournaments – Weekly seasonal competition with a calendar and prize pool for teams to compete against. Compete Cups – All-new cups for teams of all abilities to enter with their real-life friends. Compete League, Tournament and Cup winners and prize winners are determined by regularly updated leaderboards in both the

FIFA is the most popular sport videogame franchise on the planet, currently enjoyed by more than 375 million players around the world. The franchise's illustrious history stretches all the way back to the early days of console and PC gaming, with FIFA 2 and FIFA 3 taking the iconic franchise to all-new heights. FIFA 4, FIFA: Road to World Cup 98, FIFA 99 and FIFA 2000 established the series as a firm fixture in the footballing calendar. FIFA 2001 followed, shifting the series into the online age and giving players the ability to play against friends and strangers across the globe. A best-selling entry into the long-running FIFA franchise, FIFA 2001 was the first to include the popular Fox Connection modem functionality, providing thousands of players with internet access for the first time. FIFA 2001 was also the first to be sold in Europe via the PAL (Play Station®) format, paving the way for future home and handheld releases of the series in the region. The 22nd instalment of the series was the final iteration on the original Xbox® console, before it was replaced by the Xbox 360® in 2005. FIFA 2006 was the first FIFA game to be released on Sony's PlayStation®2 (PS2®) console, while the first of the FIFA Champions™ series was launched on the Nintendo GameCube® in 2007. All three of these classics were released for the PS2, PS3 and Xbox 360. It was not until FIFA 09 that the series returned to a native Xbox 360-exclusive release and it's this incarnation that finally delivered on the promised 'speedy feeling' and delivered the team-mates, power-ups and gameplay improvements players had been waiting for. FIFA 2010 on the Nintendo Wii™ and PS3 continued this evolution, with the Wii delivering unprecedented, natural handling and user control. The PS3 launch title also offered up breathtaking graphics and online worlds that offered up to 8,000 players at a time, more than any previous console had offered. Powered by Football™, EA SPORTS™ FIFA 22 brings the game even closer to the real thing with fundamental gameplay advances and a new season of innovation across every mode. First up for EA SPORTS™ FIFA 22 is an all-new story mode, FIFA 21: Road to FIFA. Set in South America, FIFA 21: Road to FIFA sees South American footballing king Carlos Tevez take centre stage in a manner that the players' lives around the world are rooting for bc9d6d6daa
