The game is set in an area known as the Lands Between, which is filled with surprises and charm. Thousands of years ago, the Elden Kingdom was at the height of its power, but King Milly, who led the Elden Kingdom, still possessed the ambition to ascend to the Kingdom of Glory. For this reason, he ordered the construction of the Old Castle, which he thought to be the final stronghold of the Elden Kingdom. Meanwhile, in order to prevent the formation of new alliances, the Elden Kingdom launched the invasion of other Kingdoms. After fierce battles with the Kingdoms, the Elden Kingdom captured the Goblet of Oblivion, the only treasured item left behind in the other Kingdoms. The Kingdoms under the Elden Kingdom's oppression were starting to organize and form alliances. And at the same time, the Elden Kingdom's army also started to mobilize their forces to fight against the other Kingdoms, showing how grave the situation is. You take on the role of a Lord who has inherited a title from a noble person in the Elden Kingdom. Can you protect this Lord and the Kingdoms who have been suppressed by the Elden Kingdom, or will you become another victim of the war that blazes across the Lands Between?
