OPC Scout V10.Process Historian 2014 SP2 Upd2.I noticed that I can drag & drag and trace variables. I would suggest using Ua Expert for this. I would also note that Ua Expert cannot create & view records in separate folders. I would suggest using Ua Expert for this. This is useful for tracking and viewing history information. You will not be able to retrieve the data stored in the Data folder. To view and retrieve data from this folder, I would use OPC Scout Professional. Ua Expert is not suitable for this. I also noticed that OPC Scout Professional can create a log file (*.log). 0946cee1be
